Quality Policy

Infinera is committed to meet and strive to exceed our stakeholders expectations and requirements and to continually improve:

- Customer's experience with our products and services
- Business sustainability
- Employee's ability to make a difference for our customers, our shareholders, and their own opportunities

Mission

Earn a superior return by enabling our customers to build and operate the world's best optical networks.

Vision

To enable an infinite pool of intelligent bandwidth that the next communications infrastructure is built upon.

Core Values

Drive for Results: We expect to win and we hate to lose. We are aggressive in pursuit of our goals and we value achievement. We're focused, we're resilient, we're persistent. We solve problems using the best data and resources available to us and we get things done in the smartest possible way.

Customer-Centric Focus: The success of our customers is paramount and we will do everything necessary to honestly earn our customer's business. We believe we must re-earn this business with every following transaction.

Pioneering Spirit: We're courageous and we take risks. We solve problems others are afraid to solve, or can't even see. We invent solutions that are smart, economic and meet our customer's real needs.

Core Values

Honesty and Humility: We are committed to, and hold ourselves accountable for, the highest standards of conduct and behavior in every action, interaction and aspect of our work.

World Class Quality: We are committed to ensuring the highest standards of quality, at all times and in all ways, in our products, our services, and our approach to doing business.

Team Works: We are a team of doers. We don't wait to be asked or told. We roll up our sleeves and we get stuff done. We are comfortable with cross functional structures and regardless of title or level, we work as a team and we make things happen. Meaningful and difficult work can only be accomplished through collaborative team effort.
